40 YEARS OF EXCEPTIONAL MS CARE

We are honored to share this evening with you,
as we celebrate the 100th anniversary of Holy Name
and the 40th anniversary of The Alfiero & Lucia Palestroni
Foundation Multiple Sclerosis Center.

The MS Center was the first comprehensive facility
of its kind in our region and continues to be the
preeminent, one-stop resource for expert MS diagnosis
and personalized treatment, life-changing clinical trials,
and psychosocial support.

We are deeply grateful to our donors,
MS Center physicians, nurses and staff, and
most of all, our wonderful patients who inspire our
Great Medicine, Soul Purpose philosophy.
